

Northwest Private Industry Council

TOOL AGREEMENT

All equipment, tools and supplies provided by the Northwest Private Industry Council are for the sole use of the undersigned participant for use in either On-the-Job Training or Classroom Training.

The tools and equipment remain the property of the Northwest Private Industry Council while the participant remains in training. If the undersigned participant discontinues his/her training prior to its successful completion, all tools, equipment and supplies are to be returned to a representative of the Northwest Private Industry Council within ten days.

The undersigned participant will keep the tools, equipment or supplies in good condition and repair, subject to normal wear and tear. The sale, trade or abuse of these tools, equipment or supplies is considered an illegal act.

Only when the participant can document successful completion of their training to their assigned Case Manager will ownership of the tools, equipment of supplies revert from Northwest Private Industry Council ownership to the participant.

An itemized listing of the tools, equipment and supplies must be attached to this document and this list will be considered the official inventory.

The undersigned participant verifies that he/she has read, understands and agrees to the above provision of ownership of tools, equipment and supplies that have been purchased with public funds for participation in training.
